

THE GAP BETWEEN MOBILE AND NON-MOBILE STUDENTS

Help the Erasmus gap project by answering a questionnaire!

Help us exploring the gap between mobile and non-mobile students, which is the first step in reducing this gap.
The Erasmus GAP project investigates the reasons behind the gap between students taking part in mobility and the general student population in European higher education institutions. It explores how institutions are developing their strategies and operational processes to reduce this imbalance.

Please fill in the questionnaire by 8 July 2024 !

Your insights would be highly valuable for our research, therefore we would like to kindly ask you to fill out the Erasmus GAP questionnaire. Please review the brief description of our research and provide your informed consent to proceed with the questions, which will take approximately 20 minutes to complete.
Your responses will be greatly appreciated and will assist us in creating a toolkit for

higher education institutions to self-assess how to manage this critical issue.

Thank you in advance for your kind help and time!
